HOW TO USE

ALWAYS TEST PRODUCT FIRST following the below product indications before proceeding with a complete product application. Cover and protect all surrounding areas before proceeding with application.

Product ready for use. Apply abundantly VIP10 directly to the area, making sure to cover completely the stained area. Cover the treated area with thin plastic covering and tape off so to ensure product remains wet and active on stained area (to increase contact time, paper tissue or a cotton cloth can be added and soaked completely with product). Allow an indicated contact time of 8 – 24 hours for general stain removal (discoloration). To remove purple haze caused by B-RUST REMOVER, maintain on surface for approximately 2 hours. Remove plastic sheeting and residues using a clean cotton towel absorbing all liquid. Rinse with water. Note: on stubborn stains, multiple applications may be required.

RECOMMENDATIONS

- Do not apply to wet surfaces.
- Remove all dust and dirt before use.
- Do not apply to heated surfaces.
- Before use, read completely product label, technical data sheet and safety data sheet.
